1. Claims 15, 17, 19, 21, 23-26, 28, 30, 32, 34 and 36-39 are allowed.
2. The following is an examiner's statement of reasons for allowance: Regarding claims 15, 17, 19, 21, 23-26, 28, 30, 32, 34 and 36-39 the prior art does not teach or fairly suggest a camera with a line of sight detection unit and importance computation unit or method of acquiring an image as claimed which processes the image for gray-scale correction, noise removal, sharpness or color interpretation wherein different areas of the image are processed with different speeds or image qualities as claimed. While the use of line of sight detection units and application of image processing to only selected areas of an image is known in the art, see for example Parulski or Silverbrook, the specific combination claimed by Applicant is not found in the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
